SUBJECT INDEX
Volume 14

Page numbers followed by an "s" are from the supplement published with the November/December 1985 issue.

A

Abortion
  induced, and needs of support persons in clinics, 54
  spontaneous
    and luteal phase defect, 212
    psychologic aspects of, 50
    and reactions of infertile couples, 55s
Acetaldehyde distribution, in maternal venous blood and amniotic fluid, 484
Adolescence
  education programs for, 399
  infant feeding choices in, 68
Aging, and osteoporosis, 107
Alcohol distribution, in maternal venous blood and amniotic fluid, 484
Allergy, and premenstrual tension syndrome, 449
Amniotic band syndrome, 298
Amniotic fluid, alcohol distribution in, 484
Analgesia in labor, maternal goals for, 321
Androgen therapy, in endometriosis, 15s
Anesthesia
  in labor, and maternal expectations, 321
  local, in diagnostic laparoscopy, 363
Anger, in infertility, 34s
Automobile restraints, in pregnancy and for newborn, 11

B

Behavioral assessment of preterm infants, 471
Bilirubin levels, in breast-milk jaundice, 220
Birthweight
  care of very low birthweight infants, 266
  prediction with fundal height curves, 87
Blood, maternal, alcohol distribution in, 484
Body image attitudes, in pregnancy and postpartum period, 332
Bonding, and creative grandparenting, 233
Breastfeeding
  by adolescent mothers, 68
  and breast-milk jaundice, 220
  decisions for, 394
  mastitis from, 286
  with maternal TORCH infections, 129
  and methods for lactation suppression, 302
  and nutrient requirements for infants, 372
  and prevention of nipple soreness, 114
Bromocriptine mesylate
  for lactation suppression, 302
  for ovulation induction, 39s

C

Cesarean section
  antenatal preparation for, 224
  vaginal birth after, 383
Chlamydia infection, and pelvic inflammatory disease, 23s
Chlorotrianisene, for lactation suppression, 302
Chorionic gonadotropin, in ovulation induction, 39s
Clomiphene citrate, for ovulation induction, 38s
Congenital disorders
  amniotic band syndrome, 298
  hydronephrosis, fetal surgery for, 271
  in males, after DES exposure *in utero*, 468
  toxoplasmosis, 435
Contraceptives, oral
  in endometriosis, 15s
  and premenstrual tension syndrome, 449
  risks and benefits of, 30, 296
Corpus luteum, 37s
  defect of, and infertility, 212
Counseling
  group, for infertile couples, 67s
  of support persons in abortion clinics, 54
Cultural factors, and birth system in Germany, 45
Cytomegalovirus infection in pregnancy, prevention of, 124

D

Danazol, in endometriosis, 15s
Death
  and reactions to spontaneous abortion, 50, 55s
  and support for parents after perinatal loss, 130
  and use of perinatal grief checklist, 194
Decision making, and infant-feeding practices, 394
  by adolescent mothers, 68
Denial of infertility, 32s
Diethylstilbestrol
  in endometriosis, 15s
  in pregnancy, affecting male offspring, 468

E

Educational programs
  for adolescent mothers, 399
  on automobile restraints, 11
  on cesarean birth, 224
  and expectations of parents, 245
  on fetal monitor interpretation, 466
  for grandparents, 233
  for new labor and delivery room nurses, 459
  on osteoporosis, 107
  and postpartum maternal concerns, 315
  on sexuality in pregnancy, 289
  for siblings, 237
Embryo transfer, 44s
Emotions. *See* Psychological aspects
Endometriosis, 10s
  and infertility, 280
Environment, affecting preterm infants, 471
Estrogen therapy
  in endometriosis, 15s
  for lactation suppression, 302
Exercise
  and effects of jogging, 310
  in osteoporosis, 109

F

Families
  and creative grandparenting, 233
  early sibling attachment, 418
  expectations in childbirth education classes, 245
  marital relations in postpartum period, 140
  mother–infant nursing care, 478
  needs as support persons in abortion clinics, 54
  preparation for cesarean birth, 224
  sibling contact affecting bacterial colonization in newborns, 412
  sibling preparation class, 237
  support groups after perinatal loss, 130
Fatherhood. *See* Families
Fertility
  in DES-exposed males, 468
  disorders in. *See* Infertility
Fertilization, *in vitro*, 44s

Fetus
alcohol affecting, 484
amniotic band syndrome, 298
heart rate patterns, 464
monitoring of, 463
surgery for congenital hydronephrosis, 271
Fluid retention, in premenstrual tension syndrome, 448
Fundal height measurements, in prenatal screening, 87

G

Genetic screening, 350
Genital tract, male, in DES-exposed subjects, 468
Germany, birth system in, 45
Gestational age, and fundal height measurements, 87
Gonadotropin-releasing hormone
in endometriosis, 15s
in ovulatory disorders, 39s
Gonorrhea, and pelvic inflammatory disease, 23s
Grandparents, educational program for, 233
Grief
after spontaneous abortion, 55s, 50
after stillbirths, 130
in infertility, 34s
group counseling affecting, 67s
and use of perinatal grief checklist, 194
Group therapy
for infertile couples, 67s
in premenstrual tension syndrome, 451

H

Health care, Soviet, 156
Heart
fetal rate, 464
valvular prostheses in pregnant patients, 38, 310
Herpes virus infections in pregnancy, prevention of, 124
Hydronephrosis, congenital, fetal surgery for, 271

I

Infections
and bacterial colonization in newborns after sibling contact, 412
and pelvic inflammatory disease, 21s
TORCH infections in pregnancy, 124
Infertility
and diagnostic laparoscopy under local anesthesia, 363
emotional responses to, 32s, 19s
assessment of, 63s
group counseling affecting, 67s
in endometriosis, 10s, 280
in vitro fertilization and embryo transfer in, 44s
and luteal phase defect, 212
and ovulation induction, 37s
in pelvic inflammatory disease, 21s
insemination, artificial, 49s
pregnancy after, 36s
and spontaneous abortion, 55s
Isolation, as response to infertility, 33s

J

Jaundice, breast-milk, 220
Jogging, effects of, 310

L

Labor
comparison of nurse-midwife–attended and physician-attended births, 61
educating new labor and delivery room nurses, 459
induction and augmentation with oxytocin, 22
and maternal goals for anesthesia and analgesia, 321
maternal positioning in, 101
squatting in, 406
preparation for
and expectations of parents, 245
in Germany, 45
trial of, after previous cesarean birth, 383
Lactation. *See also* Breastfeeding
suppression of, 302
Laparoscopy
diagnostic, in infertility, 363
in endometriosis, 16s
Laparotomy, in endometriosis, 16s
Letters, 80, 176, 266, 350
Luteal phase, 37s
defect of, and infertility, 212

M

Male children, exposure to DES *in utero*, 468
Mastitis, from breastfeeding, 286
Mefenamic acid, in premenstrual tension syndrome, 449
Menopausal gonadotropin, in ovulation induction, 39s
Menopause, and osteoporosis, 107
Menstrual cycle
luteal phase in, 37s
defect of, and infertility, 212
ovulation in, 37s
and premenstrual tension syndrome, 446
Methyltestosterone, in endometriosis, 15s
Monitoring, fetal, 463
Motherhood. *See* Families
Mourning process. *See* Grief
Mycoplasma infection, and pelvic inflammatory disease, 23s

N

NAACOG fifth annual meeting, 83
Newborn
automobile restraints for, 11
bacterial colonization after sibling contact, 412
breast-milk jaundice in, 220
care in infant special care unit, 202
care of very low birthweight infants, 266
and combined mother–infant nursing care, 478
and infant feeding choices, 394
by adolescent mothers, 68
preterm, developmental intervention approach to, 471
TORCH infections in, 127
Nipple problems in breastfeeding, prevention of, 114
Nurse-midwives, experience with, compared to physician-attended births, 61
Nurses
charity organization for, 301
educating new labor and delivery room nurses, 459
professional or technical, role of, 80, 119, 176, 296
Nursing care
combined care for mother–infant nursing, 478
in endometriosis, 280
in infant special care unit, 202
in luteal phase defect, 212
in mastitis from breastfeeding, 286
and new approach for preterm infants, 471
in osteoporosis, 107
in ovulation induction, 40s
postoperative, in endometriosis, 16s
for pregnant surgical patients, 179
and use of perinatal grief checklist, 194
for very low birthweight infants, 266
Nutrition
and infant-feeding decisions, 394
by adolescent mothers, 68
infant requirements for, 371
and osteoporosis development, 110

O

Osteoporosis, nursing care in, 107
Ovariolysis, 28s
Ovulation induction, 37s
Oxytocin, labor induction with, 22

P

Pain
pelvic, in endometriosis, 17s
relief in labor, maternal goals for, 321

Parents. *See* Families
Pelvic inflammatory disease, 21s
Postpartum period
  body image attitudes in, 332
  marital relations in, 140
  and usefulness of educational information, 315
Pregnancy
  after infertility, 58s
    and spontaneous abortion, 55s
  after *in vitro* fertilization and embryo transfer, 44s
  and alcohol distribution in blood and amniotic fluid, 484
  automobile restraints used in, 11
  and birth system in Germany, 45
  body image attitudes in, 332
  and cardiac valvular prostheses, 38, 310
  and exposure to DES affecting male offspring, 468
  fundal height measurements in, 87
  and health care in Russia, 156
  new tests for, 353
  and preparation for cesarean birth, 224
  and preparation for labor. *See* Labor
  sexuality in, 289
  surgery in, 179
  TORCH infections in, prevention of, 124
  toxoplasmosis in, 435
Premenstrual tension syndrome, 446
Preterm infants, developmental intervention approach to, 471
Progesterone therapy, in premenstrual tension syndrome, 448
Prolactin
  inhibitors of, for lactation suppression, 302
  secretion of, and premenstrual tension, 448
Prostaglandin inhibitors, in premenstrual tension syndrome, 449
Psychological aspects
  of cesarean birth, 224
  of infertility, 32s, 18s
    and assessment of dysfunction, 63s
    group counseling affecting, 67s
  and needs of support persons in abortion clinics, 54
  of pelvic pain in endometriosis, 18s
  of perinatal loss, and support groups for parents, 130
  of premenstrual tension syndrome, 450
  of spontaneous abortion, 50
Pyridoxine, in premenstrual tension syndrome, 448

R

Relaxation techniques, in premenstrual tension syndrome, 451
Research reports, writing of, 491
Resolution stage, in infertility, 34s
Rubella in pregnancy, prevention of, 124
Russia, health care in, 156

S

Salpingitis, 21s
Salpingolysis, 28s
Salpingostomy, 29s
Sexuality
  postpartum changes in, 140
  in pregnancy, 289
Sexually transmitted disorders, and pelvic inflammatory disease, 28s
Siblings. *See* Families
Soviet health care 156
Squatting in childbirth, techniques in, 406
Stillbirths, and support groups for parents, 130
Stimulation, affecting preterm infants, 471
Surgery
  and antenatal preparation for cesarean birth, 224
  in endometriosis, 16s
  fetal, for congenital hydronephrosis, 271
  in pelvic inflammatory disease, 25s
  in pregnancy, 179

T

TORCH infections in pregnancy, prevention of, 124
Toxoplasmosis
  congenital, 435
  in pregnancy, prevention of, 124
Tumor incidence, in DES-exposed males, 469

V

Vagina, creation of, without surgery, 147
Valvular prostheses, cardiac, in pregnant patients, 38, 310
Virus diseases in pregnancy, prevention of, 124
Vitamin supplements, for infant nutrition, 371

W

Weight at birth. *See* Birthweight
Writing of research reports, 491
